ORDER

The Department of Women & Child Development is the Nodal Department of Juvenile Justices (Care and Protection of Children) Act 2015. There are 26 Govt. run and 75 NGO run Child Care Institutions care in Delhi, which provide Care and Protection services to hundreds of Children.

In the prevailing situation of COVID-19 pandemic and rise in number of cases, for the best interest of children residing in CCI, (both Govt. and NGO), best medical care and consultation is needed from qualified doctors in a timely and regular manner. This will enable our CCIs to ensure all possible safeguards against COVID-19 pandemic. At the same time children also need emotional support and counselling for lifestyle management including dietary habits.

In this context, the Department of WCD has tied up with **Indian Academy of Pediatrics, Delhi** for getting support of video and tele consultation / services. For this purpose, we have created a pool of Pediatrics Doctors based on their willingness for providing such voluntary services on a day-to-day basis for the benefit of all residents of CCIs. A list with contact details of doctors, institutions attached, and timings is enclosed.

Further, Covid-19 has led to increased feelings of anxiousness, stress and loneliness for many especially the children. Keeping this in purview, the department has also tied up with professionals who can provide therapeutic interventions like counselling to our officials and caregivers, besides children for keeping their emotional balance and taking care of mental health issues. Thus apart from the panel of doctors as being attached, linkages which can be availed for the purposes indicated above are as under:

- Crisis support and counselling services provided by IHBAS, through their Helpline no. **9868396841**
- A Helpline Number **+91 93115 51393** set up by DCPCR may be called for any distress related situations of children. The Helpline will also support conducting rapid antigen test for children at the CCI itself as per requirements (in wake of exposure of the children to Covid-19 virus or someone experiences symptoms etc.). The Helpline may be used to schedule tele-consultations with private medical doctors free of cost in cases of any illness faced by children.
- Mental health services offered by Manas Foundation through their Helpline no. **8802023901**, to address issues related to anxiousness, stress and emotional exhaustion.
- Services of AYUSH doctors through Toll-free no. **1800200870**, and Ayush Helpline No. **011-26950401** (Ext. 3003) for handling queries related to Covid-19 and Ayush systems of Medicines.

In view of the above, all Superintendent/Home In-Charges/Person in Charges are hereby directed that apart from already available medical linkages available with respective CCI, the expanded services of the panel of qualified doctors may be availed along with other linkages as indicated to ensure the best protection of all the children residing in Child Care Institutions in the wake of current emergencies necessitated due to the Coronavirus (Covid-19).

Today the Country is dealing with one of the most severe pandemics in recent history of human civilization. While we are resolute in our commitment to prevent and protect all our citizens, I wish to draw your attention towards the issues impacting children in these circumstances. Their perils range from loss of daily routine and related mental distress to losing their loved ones and parents to COVID.

2. The Ministry had issued advisories and guidelines for encouraging COVID appropriate behavior, monitoring of Child care Institutions and coping strategies during COVID times for de-stressing children, last year. Recently, support for Child psychosocial care & counseling by SAMVAD(Support, Advocacy & Mental health interventions for children in Vulnerable circumstances And Distress)-a national initiative managed by NIMHANS with support of Ministry of Women and child Development, has also been extended to all stakeholders vide OM dt. 27.04.21.I am hopeful that due action is being taken for care and protection of children already registered in juvenile justice set up, including Child care Institutions. However, immediate measures are to be taken for children recently orphaned due to COVID.

3. Under section 2(14) of the Juvenile Justice (Care and Protection of Children) Act, 2015 (hereinafter mentioned as the Act), children without parents or care givers are defined as children in need of care and protection. The Act and Rules made thereunder mandate a safety net of service delivery structures along with institutional and non-institutional care for these children. It also prescribes detailed Standard Operating procedure for rehabilitation of such children.

4. The Ministry is also implementing a Centrally Sponsored Scheme namely Child Protection Services (CPS) in partnership with the State Governments /UT Administrations for delivering the institutional and non-institutional care as stipulated under the Act. A 24x7 helpline for children, called Childline is also implemented under the scheme, for extending outreach and support to children in distress situations

5. In light of the foregoing, I would request you to direct the District Magistrate in all the Districts of your State/UT to ensure that immediate action is taken for rehabilitation of COVID orphaned children in accordance with the provisions of the Act, and rules thereunder, while leveraging the facilities funded under the scheme for Child protection Services.

6. It may be ensured that such children are produced before the Child Welfare Committee (CWC) within 24 hours, excluding the time necessary for the journey (Section 31 of the Act). Digital platform for interaction may be used in exceptional cases where physical interaction is not possible in current circumstances due to COVID related restrictions. The CWC shall ascertain the immediate need of the child and pass appropriate orders for rehabilitation of the Child(Section 37of the Act), either to restore the child to care givers or place her/him in Institutional or non-Institutional care, on case to case basis. Effort should be made to sustain the children in their family and community environment as far as possible, while ensuring their safety in their surroundings and safeguarding their interest, as prescribed under the Act. If the Child is restored to any kind of kinship care, CWC will continue to check the well being of the child on regular basis. Care must be taken to protect the identity of the Child to avoid undue distress to her/him, as provisioned under section 74 of the Act. COVID protocols as prescribed by the competent authority may be followed, while delivering these responsibilities.

7. The information about any child who has lost both the parents may be shared with Childline (1098). The local Childline unit will contact the child to confirm the case and ascertain the well-being of COVID orphaned child. Childline will help produce the Child before the CWC within 24 hours. Local Childline unit will also assist CWC in monitoring the well-being of the Child as and when required.

8. The District administration under the District Magistrate may take all necessary measures to restore normalcy in the life of COVID orphaned child on immediate basis. In this regard, the District Magistrate shall be assisted by all the stakeholder agencies, including those working for protection of children i.e. local Police, District Child protection unit, local Childline unit, Child Welfare Committees etc.

9. The District Magistrates may also be asked to review the action taken regarding such children on daily basis, and submit a report to the State government. State Commission for protection of Child Rights may also be involved in monitoring the status of these children. A weekly report may be submitted to Ministry in this regard.

10. Your personal intervention in this matter, along with periodic review, will be extremely helpful to ensure proper rehabilitation of COVID orphaned children on priority.

With regards,

Yours sincerely

Sir/Madam,

The Department of Women & Child Development is the Nodal Department for implementation of Juvenile Justice (Care & Protection of Children) Act, 2015 & Model Rules, 2016. There are 26 Govt. run and 75 NGO run Child Care Institutions in Delhi which provide Care and Protection services to hundreds of Children. Department has also set up 3 Govt run and 13 NGO run Women institutions in Delhi.

In the prevailing situation of COVID-19 pandemic and rise in number of cases it has become necessary to take remedial measures in the best interest of children as well women residing in these institutions, both Govt. and NGO, for ensuring all possible safeguards against COVID- 19 Pandemic.

Thus, in order to control spread of Covid 19 in the institutions, it is required to screen all the residents timely. It is also an important fact that children are very susceptible to infections, thus sending them out of the institutions is not advisable, in order to protect them from getting infection. It is therefore requested to kindly facilitate for Rapid Antigen as well RTPCR testing of all Children and Women residents staying in institutions, by deputing Mobile Unit. The tests may be conducted on a regular interval of every 15 days in all the Institutions in order to prevent the possible spread of infection.

In order to scale up the preparedness for handling new cases of admission of children, Department has setup two dedicated Quarantine Centre within the Child Care Institutions, whereby children will be residing for 14 days, or as advised by the doctor, so that all such new admission do not get mixed up with existing residents raising the risk of possible infection.

It is also requested to deploy Civil Defense Guards in the dedicated Quarantine Centre for the safety and security of the Children and to effectively run and manage these dedicated Quarantine centers.

It is to further inform that, the Deptt. of WCD has set up District Level Task Force with District WCD Officer as Nodal Officers/Convener. SDM HQ have been proposed to be nominated as members of this task force for seamless coordination between District Administration and the Department for care of Children and Women staying in the Institutions in respective districts.
